Group therapy !

What is it ?

Global Retrospective

STOP

- Thinking you can do it two days before the deadline
- Being lazy

KEEP

- Motivation
- Focus on the client needs

MORE

- Ticketing
- Commits
- Links between tickets and commits

- Co-working

- Tests

- Split between client/server

LESS

- Inactivity
- Doing the minimal (because minimal is not good enough for us)

START

- Continuous delivery
- Using us as Coach/ Products Owner / Client
- Reducing the technical debt

Do it on your
own group
